Lightweight Breathable Gel Knee Pads

- Heavy duty caps designed for stability and wear.
- Breathable mesh fabric layered with breathable padding to help stay cool.
- Injected plastic button/clip strap connectors provide easy adjustment and secure fit.
- Layered over thick, close-cell foam padding surrounds knees.

1604802

Airflow Non-marring Cap Gel Kneepads

- Flexible neoprene straps and an ergonomic design keep the knee pads snugly in place all day long.
- Soft gel core and durable EVA foam padding cushion your knees for hours on end. A heavy-duty thick poly shield protects against cuts or scrapes on any terrain.
- Heavy-weight nylon thread ensures long-lasting durability. 600D polyester mesh breathes for all day comfort.

1604803

Airflow Articulated Gel Kneepads

- New design delivers extra protection and comfort to quadriceps tendon and below knee Patellar tendon. Upgraded soft gel core provides superior protection.
- Heavy duty non-slip shield protects knees and damage to clothing while preventing abrasion to surfaces.
- High quality construction. Lasting comfort and support. Made with ballistic nylon, breathable neoprene and PVC.

1604804

Professional Gel Kneepads

- Breathable neoprene liner helps keep your legs from sweating throughout the day.
- Non-marking outer shell is great for use on a wide variety of surfaces and won't scuff or scratch.
- Thigh strap provides optimised movement and prevents kneepads from slipping down during use.

1604805

Soft Shell Gel Kneepads

- Extra thick outer shell for added durability.
- Breathable mesh fabric layered with breathable padding to help stay cool.
- Injected plastic button/clip strap connectors provide easy adjustment and secure fit.

1604806

PU Leather Proflex Kneepads

- Lightweight low profile design for flooring applications.
- Molded cube risers for semi-stable side to side movement.
- Tough PU shell design allows knee to slide along smooth surfaces.
- Comfort Split strap prevents bunching.

1604807 Hard Cap Layered Gel Kneepads

- Knee pads enable comfortable kneeling and protect against impacts.
- Gel-foam padding provides cushioning.
- Shock-absorbing stabilizer caps are suitable for use on a wide range of surfaces.
- Comfort-split straps with hook-and-loop closures to prevent bunching.
- Duck-bill design to reduce the pressure on your shins.

1604808 Stabili-Cap Gel Kneepads

- Injection-molded polyurethane and gel technology give our Contour-Fit Knee Cups unsurpassed comfort and support.
- Articulated straps are configured to allow kneepads to float over the knees when standing.
- Straps need less strap adjustment and provide greater all-day comfort than traditional strap systems.
- Stabili-Cap design provides a solid kneeling base and also allows for easier forward movement.

1604813 Injected Gel/ PU Foam Kneepads

- Injection-molded polyurethane and Gel technology give our knee pads unsurpassed all-day comfort and support.
- Specially designed three sizes fits all without restricting movement. No cap design makes forward and lateral movement easier, effectively increasing your range of motion.
- Neoprene strap for comfort and secure fit, cone size fits all.

1604814 Hard Cap Kneepads

- Layered over thick, close-cell foam padding surrounds knees for ultimate support and comfort.
- Adjustable velcro strap fits for various sizes, quick release triangle buckle and hook & loop closure for secure fit.
- Finished brushed tricot liner wicks away moisture and keeps out dirt and debris. Widely-set dual strapping system to avoid bunching and provide extra comfort.

1604809 Neoprene Flex Kneepads

- Layered construction with neoprene outer shell keeps noise levels down and comfort up.
- Textured outer contact patch for durability and secure grip.
- Interior grip patch and contoured ledge help prevent pad from slipping downward or sideways.
- Unique dual-secure straps ensure pads stay on during critical missions.

1604810 Heavy Duty Gel Kneepads

- Breathable neoprene liner helps keep your legs from sweating throughout the day.
- Non-marking outer shell is great for use on a wide variety of surfaces and won't scuff or scratch.
- Thigh strap provides optimised movement and prevents kneepads from slipping down during use.

1604815 Rounded Cap Garden Kneepads

- Hard wearing knee protection.
- Thick foam centre padding and elastic quick fastening straps.
- Ideal for a variety of jobs where kneeling is required.
- PP cap, 13mm EVA foam, 600D polyester fabric have more resistance to the usual wear and tear.

1604816 Rounded Cap Kneepads

- Heavy duty construction throughout.
- Heavy plastic front caps for easy knee swiveling.
- Thick foam interior for all-day comfort.
- Buckle style fastening system with adjustable straps for convenience.
- One size fits all.

1604811 Large Cap Kneepads

- Large cap design to provide maximum protection.
- Super Thick 1/2 inch EVA Foam Pad for Ultimate Comfort and Stability.
- Hook and loop elastic closures provide a comfortable and secure fit.
- Brushed fabric laminated 3mm foam lining to prevent moisture build up and maximize airflow.

1604812 Gel Layered Flooring Kneepads

- Constructed of a durable 1680D polyester blend for superior abrasion resistance.
- Lightweight compression gel absorbs hard impacts and delivers greater comfort.
- Single neoprene strap helps to avoid painful bunching.

1604817 Siwivel Cap Kneepads

- Swivel-Flex knee pads are designed to put maximum protection where it is needed most.
- The built-in flexibility provides long-lasting comfort.
- Convex cap design provides better pivoting and less resistance for greater manoeuvrability across surfaces.

1604818 Non-marring Kneepads

- Hard Cap For Easy Swivel, Slide & Rock.
- Compression recovery 1/2" foam padding provides firm, consistent support without bottoming out.
- Finished brushed tricot liner wicks away moisture and keeps out dirt and debris. Widely-set dual strapping system to avoid bunching and provide extra comfort.

- Machine washable and quick drying.
- Economical and lightweight for comfort and safety.

1604821

Lightweight Airflow Kneepads

- Non-slipping-rubber cap grips kneeling surface for enhanced stability and balance.
- Lightweight comfort-combination of lightweight gel and EVA foam provides optimal mobile knee cushion.
- Universal size- breathable, flexible, adjustable straps provide a comfortable snug fit for any wearer.

1604822

2 In 1 Non-marring Cap Kneepads

- Removable PVC hard outer shell redirects pressure from your knees.
- Custom-Molded EVA foam disperses body weight and conforms to your knees to provide maximum stability.
- Single strap design is easy to put on, avoids bunching, and won't retain moisture.

1604827

Nylon fabric Kneepads

- Built with heavy-duty polyester fabric for added durability.
- Tough high density closed cell foam padding for all day comfort.
- Economical and lightweight for comfort and safety.
- Kneepads designed for multiple uses with primary applications in all types of flooring and roofing.

1604828

Light Weight Kneepads

- All fabric covering prevents scratching or marring of surfaces.
- Lightweight with durable foam padding.
- Thermoformed closed cell foam interior for long lasting comfort.
- Single breathable neoprene strap fastens below the kneecap for all day use, One size fits all.

1604823

Economical Kneepads

- Flat cap with ribbed surface helps prevent slipping.
- Ideal for general work such as construction, maintenance.
- Provides cumulative trauma Protection.
- Uniquely designed cover bends with the knee.
- Flat kneeling surface creates stability while kneeling and eliminates strain on the lower back.

1604824

PU Leather Kneepads

- Neoprene fabric liner helps keep knees comfortable throughout the day.
- Heavy-duty, dual-layer, ballistic poly fabric and tough, textured PVC outer shell provides extra durability and protects finished surfaces from scuff marks.
- High density, dosed-cell foam padding with core technology helps reduce pressure on kneecap for extra comfort.

1604829

Slip-On Cloth Kneepads

- Provide underprop and protect muscle joints.
- Specially designed three sizes fits all without restricting movement.
- Provides comfortable pressure, Promotes blood circulation.
- Gives Effective Support for Twists and Support Injuries.
- Easy stretchable for better fit.

1604830

Soft Kneepads

- Protects your knees and clothing while carrying out weeding, planting and other garden tasks where you need to kneel down.
- Waterproof to keep your knees dry in wet conditions.
- Has a durable quick dry neoprene outer skin with a memory foam cushion.

1604831
